2018 ANNUAL REPORT

A Message from Sheriff Russell L. Martin, C.L.E.E.

When I joined the Delaware County Sheriff's Office seven years ago I knew two things:

1) This was quite possibly the best county in the state of Ohio, and
2) It deserved to have the best Sheriff's Office in the state of Ohio.

While it is hard to measure such outcomes, I believe we have become one of the finest Sheriff's Offices in Ohio and perhaps in the country. Our Annual Report is simply a snapshot of the activities and outputs that this Office has generated in 2018. While you'll see that our activity is in line with one of the fastest growing and busiest counties in the state, it doesn't tell the complete story.

We continue to provide outstanding training to our co-workers, recruit and hire some of the finest talent around, review and build upon our policies, and continue to plan and prepare for the future of this county. In the last year, we have …

- Finally realized the opening of our first domestic violence shelter;
- Fully implemented our body-worn cameras;
- Trained more supervisors in advanced leadership courses than the Office ever has;
- Partnered with our county law enforcement agencies and others to implement educational initiatives to drive down teen injury crashes;
- Continued to leverage partnerships to confront illegal drug trafficking and to respond to crisis and critical incidents;
- Met state and national standards in our Jail, all the while focused on programs to help the incarcerated make better life choices when released; and
- Participated in the planning and opening of the County's new courthouse with our subject matters experts focusing on the best measures for building and courtroom security.

There is plenty to consider and review when assessing the Sheriff's Office accomplishments for 2018. We hope you find the information informative and educational. But rest assured we are far from done. I am convinced the best is yet to come.

We thank the residents of Delaware County for partnering with us and for your continued faith in our ability to protect and serve you.

- ***This list does not include all non-criminal activity, due to space limitations. These would include well-being checks, found property, crashes, information only reports, etc.***
- ***In 2018, the Sheriff's Office switched to an incident-based reporting database, which skews a few of the statistics when comparing to previous years. Most notably, these categories include: suspicious vehicle/person, theft/larceny, theft from vehicle, vandalism and vandalism to vehicle. For example, in 2017, a vandalism to vehicle spree on the same night and on the same street with 6 total vehicles vandalized was listed as 6 separate incidents, but in 2018 that same scenario would be listed as 1 incident (with all 6 victims contained in that 1 incident report).***
